FITNESS CLASSES

Bootcamp	Group physical training program conducted by our certified WEX's (Wellness Experts), designed to build strength and fitness through a variety of intense group intervals over a 1-hour period of time.
Dance	Energizing music with dance steps taught in a progressive format, creating a fun and exciting class for all levels. Expert WEX's create unique routines, while utilizing aerobic/fitness interval training with a combination of fast and slow rhythms that tone and sculpt the body.

Ergonomics	Chances are, you type and text a lot! And you may not know how to protect your wrists from severe damage. Learn some common causes of wrist, hand and forearm pain in computer users. Learn proper posture, ergonomics and easy-to-do stretches.
Interval Training	Training done in intervals, involving a series of low- to high-intensity workouts interspersed with rest or relief periods. The high-intensity periods are typically at or close to anaerobic exercise, while the recovery periods involve activity of lower intensity.
Kickboxing	Cardio kickboxing is a group fitness class that combines martial arts techniques with fast-paced cardio. This high-energy workout challenges beginners and elite athletes alike. Build stamina, improve coordination and flexibility & burn calories as you build lean muscle with this fun and challenging workout.

<p style="text-align: center;">Meditation Room</p>	<p>Most of us are unaware just how much our subconscious drives our perspective and our ability to manage our daily stressors. This service station will teach participants to be more in control of their underlying driving force by learning to manage & adjust their primary thought patterns.</p> <p>By practicing techniques that are accessible to anyone, participants will learn how to manage their ability to make wise and sound decisions by taking control of their ability to think clearly and constructively.</p>
---	--

<p style="text-align: center;">Pilates</p>	<p>Pilates is a method of exercise that consists of alignment-focused, low-impact flexibility and muscular strength & endurance movements. Pilates emphasizes proper postural alignment, core strength and muscle balance. Pilates is named for its creator, Joseph Pilates, who developed the exercise in the 1920s.</p>
<p style="text-align: center;">Pound</p>	<p>Workout and rock out with a pound class. Channel your inner rockstar with this full body cardio-jam session inspired by the infectious, energizing, and sweat-dripping fun of playing the drums. Instead of listening to music, you become the music in this exhilarating full-body workout that combines cardio, conditioning, and strength training with yoga and pilates-inspired movements. Using lightly weighted drumsticks engineered specifically for exercising, POUND transforms drumming into an incredibly effective way of working out.</p> <p>Designed for all fitness levels, POUND provides the perfect atmosphere for letting loose, getting energized, toning up and rockin' out! The workout is easily modifiable and the alternative vibe and welcoming philosophy appeals to men and women of all ages and abilities.</p>

QiGong	An ancient Chinese exercise and healing technique that involves meditation, controlled breathing and movement exercises. ... Qi is a concept from traditional Chinese culture that roughly means vital energy, information, breath or spirit.
---------------	---

Tai Chi	Involves a series of movements performed in a slow, focused manner and accompanied by deep breathing. It is a noncompetitive, self-paced system of gentle physical exercise and stretching. Each posture flows into the next without pause, ensuring that your body is in constant motion.
Yoga	Enjoy the physical benefits associated with yogasana (yoga poses), without bending yourself into a pretzel... unless you want too! All participants can enjoy the benefits of stretching, regardless of an individual's flexibility. Designed to guide participants into beneficial stretches for their unique body type and daily life, this session provides yoga asanas (poses) that can be done anywhere, any time
Zumba	Fusion International music/dance themes that create a dynamic, exciting, and based on the principle that a workout should be "FUN AND EASY TO DO." The routines feature aerobic/fitness interval training with a combination of fast and slow rhythms that tone and sculpt the body.

FUSIONS: COMBINING TWO SERVICES

These sessions incorporate the fusion focus of combining two services. One can be a workshop chosen from the list below, to be integrated into the yoga practice.

Participants will walk away relaxed, rejuvenated, and refreshed.

Participants will take part in a 30-45 minute workshop, and then will be guided through a unique practice of movement, visual stimulation and sensory experience.

<p>Yoga & Acoustic Music</p>	<p>CROW Practice will provide a live musical performance complimenting the ambience of yoga with a “coffee house”, “acapella” “inspirational” and/or “instrumental” feel . The style and type of music will reflect the style and type of the yoga session, whether uplifting, relaxing. With sufficient notice, yoga style can be determined prior to the event based on client request.</p>
<p>Yoga & Animals</p>	<p>We can hold a yoga session with any of these options: goat, puppies, kittens, or rabbits. It is GREAT animal therapy for the soul!</p>

<p>Yoga & Art (canvas painting)</p>	<p>Adhering to an artistic ambience and often featuring local artists, your participants will enjoy a guided canvas painting session. Art sessions allow participants to take home their uniquely created “A Piece of Peace” art as memorabilia.</p> <p>Size of art created can be customized.</p>
--	--

<p>Yoga & Crystal Bowls</p>	<p>Vibrational sound healing can be traced back from present day trends to many ancient civilizations including India, Africa, Europe, and the Orient.</p> <p>In addition, each culture had unique approaches specific to their region and beliefs. Bells, chimes, bowls, gongs, drums and vocal toning, chants or repetitive sound vibrations are only a few of the many vibrational sound tools and sounds that can be used for healing.</p> <p>Participants are immersed in relaxation with Crystal & Tibetan singing bowls played throughout the practice by CROW's expert Sound Healer. Participants will experience the healing vibrations while being guided through a gentle all levels yoga class.</p>
--	---

<p>Yoga & Flower Essences</p>	<p>The flower essence and yoga session provides attendees with a unique experience of movement, visual stimulation and scent.</p> <p>Flowers stimulate the mind and the senses, thus improving both mental cognition and performance. Flowers and plants are also linked to lower stress levels. People who have flowers in their home report feeling happier and more relaxed. Additionally, the chemistry of flowers gives people a more optimistic outlook on life. Being around flowers is even said to increase empathy and compassion levels, improving relationships with one self and others.</p> <p>Various flowers and scents available for use, depending on seasonal availability.*</p>
<p>Yoga & Mindful Bites</p>	<p>Have a nutritionist, herbalist or a holistic chef complement your participants' yoga session with basic education on healthy habits and healthy moderation.</p> <p>*Smoothie sampling available for an additional fee.</p>

Yoga & Silent Party

All levels yoga class and silent party with headsets. The style and type of music will reflect the style and type of the yoga session, whether uplifting or relaxing.

SERVICE STATIONS

Many of these services can operate on a flow, running all day, or worksop style, with a start and stop time

Acupressure

Utilize the principles of acupuncture and Chinese medicine without the needles. Our Acupressurist will highlight pressure points on the body that are stimulated with finger pressure instead of with the insertion of needles.

Learn several pressure points and how they affect your health, cognition, and energy. Walk away with knowledge of some easily accessible acupressure points on the body that can be done anytime of the day to ease common ailments.

Add Ear Seeds in a mini gift bag with instructions.

<p style="text-align: center;">Aromatherapy Sensory Deprivation Fusion</p>	<p>Sight, Sound and Scent – The Sensory Experience”</p> <p>Experience the world differently with sight, sound and scent. Sensory deprivation meets sensory expansion through the use of eye masks, aromatherapy and brain waves.</p> <p>An aromatherapist is paired with noise canceling headphones playing brainwave meditation music. Participants block background noise to focus on aromatherapy scents related to brain waves by utilizing binaural beats.</p> <p>Our Wellness Expert Aromatherapist will guide the participants' experience based on scent that affects Delta, Theta and Gamma brain waves. Participants focus on enjoying the scent of pure essential oils uniquely paired to each brain wave.</p> <p>An eye mask is required for this service.</p>
<p style="text-align: center;">Aromatherapy with Essential Oils</p>	<p>Using essential oils for healing and wellness. Scents affect brain chemistry, while physical application affects body chemistry. Aromatherapy is concerned with how the scent of different compounds affect our mental state.</p> <p>Learn some basic safety guidelines for effective use of scent, and enjoy first-hand the power of different scents, and how they can affect your mood, energy, and mental clarity.</p>

<p>Be Well Games</p>	<p>Led by our expert holistic-thinking trainers, Be Well Games are short group games that challenge participants to use props (such as feathers, beach balls or raisins), their bodies and mental acuity to win games! Quizzes, sharing information, reframing perceptions, physical & mental stretching, and more foster mental & physical strength.</p> <p>All happening in an open, fun and engaging environment appropriate for any adult. Physical limitations are not an issue with Be Well Games. The switch between games (10 or more per hour-long session) is fast and part of the fun.</p> <p>Takeaways for participants include techniques for relaxation & mindful focus, tips to reframe everyday challenges and ways to build and strengthen personal resilience.</p> <p>Option: Resource Cards</p>
<p>Chair Stretching Balancing Talk</p>	<p>Demo with guided practice. Easy everyday stretches to ease back, hip, shoulder, and neck pain that can be done from your chair.</p>

<p>Herbalism Basics</p>	<p>Plants stimulate the mind and the senses, thus improving both mental cognition and performance. Each plant has its unique set of constituents which can be harvested for wellness through different types of preparations. Each plant part also holds several constituents that are harvested for their different nutritional aspects. Our herbalist will guide participants in understanding some of the common and effective ways to prepare herbs for everyday wellbeing.</p>
--------------------------------	---

<p>Herbal Craft Brew</p>	<p>An herbalist interactive instructional with take away craft. Our professional herbalist will offer an overview of several natural herbal home remedies available for use with common everyday herbs, primarily addressing the herbs provided for the session.</p> <p>We brew 3 base types of herbal tea on site. Participants taste the base to create their own herbal brew.</p>
---------------------------------	--

<p>Meditation or Mindfulness</p>	<p>Most of us are unaware of just how much our subconscious drives our perspective, and therefore our ability to manage our daily stressors.</p> <p>This service station will guide participants into learning to be more in control of their underlying driving force by learning to manage and adjust their primary thought patterns.</p> <p>By practicing several techniques that are accessible to anyone, participants will begin to learn how to take the driver's seat in their ability to make wise and sound decisions by taking control of the ability to think clearly and constructively.</p>
<p>Meditation in Mania</p>	<p>Calm the mind, clear the mind, and let your stress unwind. This service station will offer various meditation practices designed to bring the mind into a harmonious and clear place.</p> <p>Specializing in “Calm in the Storm” themed practices, this service station utilizes surrounded noise as the base of practice, and integrated well into high volume events. The practices presented assist in calming tension and anxiety while promoting mental clarity.</p>
<p>Meditation Van (Chicago ONLY)</p>	<p>Meditation, Attentive breathing, Posture for focus, and developing an ethic of Service-based communication.</p> <p>Too often one or a few of these tools are presented in isolation and as a way to merely mitigate stress or anxiety. The real power in these processes is when they are allowed to fundamentally reorient our experience of our environment, and that happens when we frame the goal of practice as developing a mood of service.</p>

<p style="text-align: center;">Comedic Relief</p>	<p>Nothing engages a group better than getting to be part of the laughter! Bring a “pick me up” to your meeting’s energy and mood with the best medicine to battle boredom... LAUGHTER!</p> <p>When we laugh, we release chemicals in our brain (such as dopamine) which improve mood & mental fatigue and promote connection among team members.</p> <p>Our hilarious comedic improv sessions are sure to get your group engaged and energized with a mental uplift.</p>
<p style="text-align: center;">Communication & A Healthy Workplace</p>	<p>Difficult moments are inevitable. (At least they’re inevitable if we want to live meaningful lives alongside other humans!) How we handle those difficult moments can be the difference between a downward spiral of isolation & self-blame and a confident step toward the people & activities that nourish and strengthen us in moving forward.</p> <p>We will discuss what self-compassion is (and isn’t!) and why research shows it’s important for personal health and successful relationships at home and at work. Self-compassion is shown to be the primary determinant of burnout among physicians and other helping professionals so we’ll talk about HOW to practice self-compassion in practical impactful ways in order to truly thrive.</p>
<p style="text-align: center;">Energy Booster</p>	<p>Have our Wellness Expert attend your meeting and bring fun, quick tips and tricks to boost your mental energy and lessen fatigue. You will practice things like Fire breathing, Wayne Cook posture and more.</p>

<p>The Express Elevator of Breath</p>	<p>Did you know that you lose 2lbs of toxins per day, just by breathing properly? Most of us walk through life literally holding our breath, waiting for the proverbial shoe to drop. It's this lack of breath that directly affects stress related disorders such as obesity & depression.</p> <p>When you want to change the state of your mind, change your breath. When you want to change how you feel, change your breath. Your guide will allow you to journey into the realm of breath-work, increase vitality, kickstart metabolism, improve sleep, enhance energy, manage stress & rebalance the Autonomic Nervous System. Learn basic breathwork techniques that you can use anytime, anywhere.</p>
<p>Financial Wellness Talk</p>	<p>What is the number 1 stressor in America? MONEY!! But you do not have to be stressed out. Learn how to be your own CFO: take control of your financial well being by being your own Chief Financial Officer by understanding, monitoring and managing your income & expenses.</p> <p>Our financial expert will walk you through foundational knowledge for investments such as the difference between stock and bonds, what mutual funds are and EFT's are as well as principles of allocation, diversification and the power of tax-advantaged accounts.</p>
<p>Gratitude Writing Breaks</p>	<p>During this break, participants practice several techniques. For example, they write down one thing they can let go of, one thing they're grateful for and three things they'll focus on that day.</p> <p>These writing breaks not only allow participants to bridge an internal connection but can also establish goals making participants more likely to accomplish those goals.</p>

<p>Health & Nutrition Talk</p>	<p>With the hustle and bustle of daily life, balanced nutrition is often overlooked. Our nutritionist will guide you through the basics of developing and maintaining a healthier diet in a busy world.</p> <p>Our Wellness Expert will:</p> <ul style="list-style-type: none"> • Address how food affects our brains and bodies • Share easily applicable delicious recipes • Offer healthy tips on overcoming faculty burnout through self-care practices and or nutrition habits.
<p>Immunity Boosters</p>	<p>Let thy food be thy medicine.</p> <p>Learn about:</p> <ul style="list-style-type: none"> • Immunity boosting foods, tips and tricks • How to get more energy • What we should put in our bodies • Daily habits that can increase our overall health
<p>Improve Your Relationships When You Listen Instead of Hear</p>	<p>When communicating with others, do you find yourself getting frustrated because you feel that the person isn't actually listening to what you're saying? They may be nodding their head because they hear you but don't seem to be connecting with what you are trying to say. You then spend time explaining, re-explaining, perhaps even justifying & maybe you even start to talk louder. No matter what, they still only seem to hear you, not truly listening. Maybe you are the one hearing & not truly listening. Either way, the bottom line is that it creates communication barriers in our lives.</p> <p>Learn how you can develop your listening skills in order to better connect with & learn from the person you are in conversation with. This will improve your relationships one conversation at a time.</p>

<p style="text-align: center;">Laughter Session</p>	<p>Laughter truly is the best medicine. It is proven to lower blood pressure, increase oxygen intake and impact our immune system.</p> <p>Get the dopamine flowing with this session of laughter. Our Wellness Expert will explain the science of laughter and teach techniques to induce laughter.</p>
<p style="text-align: center;">Meditation & Herbs</p>	<p>Create a space for connection.</p> <p>Together, meditation and herbs work to soothe the nervous system and promote an overall sense of well-being. You will be guided through an herbalism experience as you connect to each living herb and practice a mediation technique.</p> <p>We will acknowledge the inherent spirit of the plants as we enter a conscious and respectful relationship with not</p>
<p style="text-align: center;">NLP (Neuro-Linguistic Programming)</p>	<p>Neuro-linguistic Programming is a psychological approach that involves analyzing strategies used by successful individuals and applying them to reach a personal goal. It relates thoughts, language and patterns of behavior learned through experience to specific outcomes.</p> <p>Work with neuroplasticity and how to train our brains for success.</p>

<p>SEASONAL : Virtual</p>	
<p>Seasonal: Holiday Stress Relief</p>	<p>Scene 1: The doorbell rings & when you open it, it's The Holidays! Lurking behind it is stress & the pressure to perform! In a normal year, we cook, clean, prep, shop, wrap, bake, clean, & entertain all in the shadow of our thoughts when we ask ourselves "is it good enough".</p> <p>We feel good when life is going our way, but what happens when chaos, frustration, anger, sadness, fear, stress, anxiety & grief crash down on us? Those feelings add weight to an already stressful world that we live in & we can end up feeling overwhelmed, & it outweighs the good stuff like joy!</p> <p>Our expert will help you understand how balance is attainable even during difficult holiday situations. Find joy within.</p>
